

KA1 Vocational Education Training Project in «Donkey Sanctuary Aruba» ARUBA, NETHERLANDS ANTILLES

the project

Trainees will have the opportunity to undertake activities in the Aruban Donkey Sanctuary (mornings or afternoons) and supplement these activities at Philips Exotic Animal Garden, where they will be involved in hands on care for both recovering

and healthy animals, birds and reptiles. Trainees can spend time in a local vet surgery observing and supporting the veterinary staff.

Depending on the season of the activity trainees may have chance to be involved with

turtle conservation work or bat monitoring in the national park.

You could also take part in a dog grooming project.
