

EVERYTHING IS
POSSIBLE®

KA1 Vocational Education Training Project in «Palm Island» ARUBA, NETHERLANDS ANTILLES

the project

Palm Island is Aruba's All Inclusive Resort Island. Receiving tourists every day of the year, the coral reef just off De Palm Island is one of Aruba's most spectacular snorkel sites. There's no easier way to catch a glimpse of the spectacular marine life of the Caribbean, and in particular, the stunning blue parrotfish that are endemic to Aruba. The Island offers other

sports activities such as zip line, air jumpers and banana boat rides and trainees will have opportunities to work in all these activity fields as well as receiving customers on the boat crossing between the mainland and the island. There are children's sport activities, a waterpark and swimming/snorkelling area all of which trainees will work alongside staff to deliver to the general public.

Trainees will be given lifeguarding training and also training in the other fields of work. They will also be trained in CPR and emergency first aid.

accommodation and meals

You will stay in a shared house in Pos Chiquito close to Mangel Halto beach. It is possible to walk to the placement activities in 30 minutes, to cycle or to drive.

There will be a shared car that can be used by all trainees as well as two bicycles.

The house is equipped to cook and you will be able to shop at one of

the many local supermarkets, try the local food bars or restaurants.

You will have your allowance provided monthly on a top-up currency card.

If you wish to drive the car we will require your driving licence prior to the project starting so we can insure you.
