

EVERYTHING IS POSSIBLE®

Turing project at Tutto è Possibile **SICILY**

the project

Trainees will take part in many outdoor pursuits, Hiking up Mt Etna, kayaking, canyoning, caving, mountain biking and camping however each project is tailored to the needs of the college and the fitness levels of students so activities may differ. There is the option to do either a one or two

night camp and students will learn about the history of Mt Etna and the geology of Sicily.

accommodation and meals

Trainees will stay at accommodation close to Mount Etna in shared rooms. Breakfast is included and on 'trekking' days a packed lunch will be provided. Students will eat their evening meal at one of the local restaurants.

For the project, trainees need to be...

- Physically fit
- Passionate about nature and the outdoors
- Flexible
- Studying outdoor education / uniform public services

the project place Catania

The city of Catania is a relatively big city and you can find almost everything you would do in a major European City. There are a few beaches and of course the Etna Regional Park to explore. There is an abundance of café's and patisserie's to get food on the go and numerous amounts of bars and restaurants throughout.

Viagrande is a small town/village within the Catania Province it's well connected with Catania by bus throughout the day and is surrounded by other villages like Trecastagni, Pedara and Aci Bonnaccorsi. If you're happy to walk around it's easy to get all the things you need from these villages as well as enjoy your free time.

Location

the country

Climate: In summer on the coast the temperature can easily reach 35 degrees centigrade but on the same day can be 0 degrees at the top of Etna. Due to the location and terrain of Sicily it's possible to experience 4 seasons in one day.
