

EVERYTHING IS  
POSSIBLE®

# Turing project at Caprifolen SWEDEN

## the project

Caprifolen is a horse centre for rehabilitation, mostly for people with disabilities and specialising in horse sports and vaulting. They run competitions, musical performances and summer camps. Trainees will work with children at a 3 day summer camp for children

with disabilities and a 7 day camp for non disabled children, helping to plan and deliver activities and support the children with all aspects of interaction within the camp.

## accommodation and meals

The trainees will stay at Caprifolen in shared cabins with others from their group. The clubhouse, located next to the cabins has a kitchen where trainees will cook meals, shower room and a living area space for socialising. Tutors will have use of an 8 seater minibus for 'free time' and

bicycles which students can use to explore locally.
